

SCI-FI-LONDON

THE ANNUAL INTERNATIONAL FESTIVAL OF SCIENCE FICTION AND FANTASTIC FILM

SPONSORSHIP 2025

INDIE FESTIVAL

For over 20 years our film festival has premiered fantastic films in London.

We seek out creators who blend science fact and fiction for both entertainment and education, to put across hard scientific concepts and look at possible futures.

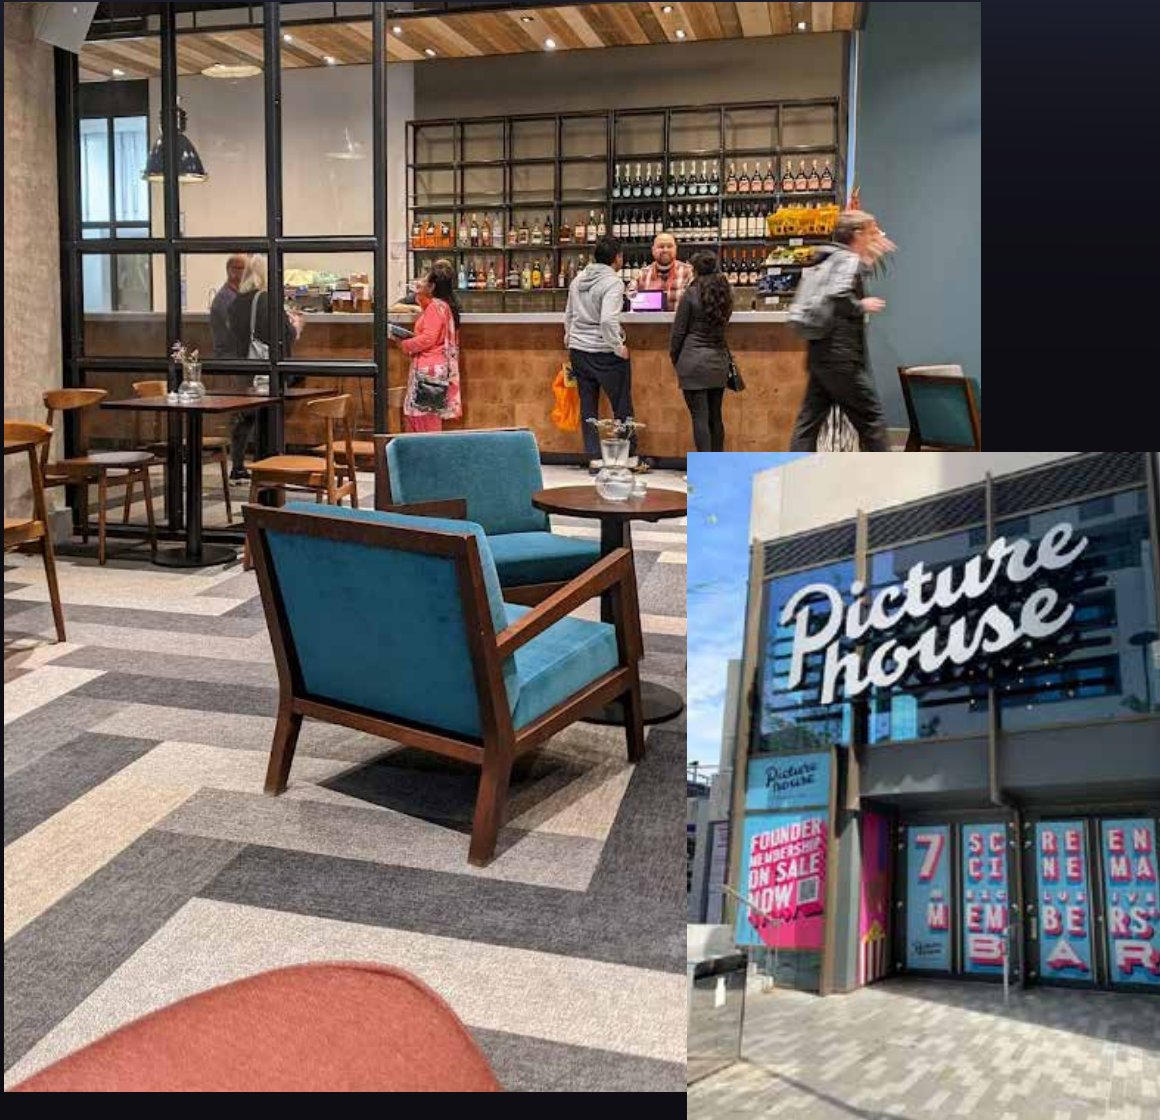

Our festival uses brilliant venues and welcomes local and international guests and audiences.

FILMMAKING COMPETITION

#SFL48HR

THE SCI-FI-LONDON 48HOUR FILM CHALLENGE tasks teams to create a 5-min movie in a weekend.

Each year around 60 new films are created. We have films featuring Daisy Ridley, David Hasselhoff, and Tom Middleditch.

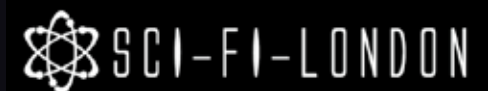

Our first ever winner was Gareth Edwards, who went on to direct Star Wars: Rogue One.

We even have the first film written by an A.I - see <https://48hour.sci-fi-london.com>

Add your logo to each film, feature them on your web and socials!
